

Curriculum Vitae/Resume

Irene Minhee Lee

[LinkedIn ireneminhee522](#) | imhlee@unc.edu | 510-648-4499 | [GitHub ireneminhee](#)

<https://ireneminhee.github.io/about/>

Research Interest

Genomic Data Analysis, Multi-Omics Approaches
Medical AI
Artificial Intelligence

Technical Skills

Programming	Python, R, SQL, Java, C
Frameworks & Tools	PyTorch, TensorFlow, scikit-learn, Hugging Face, Gradio, Optuna, Prophet, ROS, Flutter
Cloud & DevOps	Docker, Kubernetes, Terraform, AWS, ArgoCD, Helm, GitHub Actions, Nginx, Linux
Simulation	MuJoCo, Isaac Sim, Genesis
Others	MS Office (Excel, PowerPoint, Word), Figma, LaTeX

Language Proficiency

GRE	Verbal 160, Quant 163, Writing 4.0 (Jun 2025)
TOEFL	105, MyBestScores 110 (Mar 2025)

Education

August 2026 - present	University of North Carolina at Chapel Hill M.S. in Biostatistics
Mar 2026 - May 2026	KOSA (Korea AI · Software Industry Association) Cloud Infrastructure Engineer Training Program (480 hours completed) - Program covering Linux, networking, Docker/Kubernetes, AWS, and GitOps/IaC (ArgoCD, Terraform, Helm) - Capstone (Team Snow, 5 members): built hybrid on-prem K8s + AWS disaster recovery system (Pilot Light), achieving 15-min RTO (target ≤ 30 min); Role: Application Deployment & GitOps Automation; Grand Prize at Demo Day
Mar 2021 - Feb 2026	Dongduk Women's University B.S. in Statistics and Information Science (GPA: 4.07/4.5) - Academic advisor: Prof. Hyon Hee Kim - Achieved top 1–2 rank in major courses during junior and senior years - Relevant coursework: Object-oriented programming, Databases, Discrete mathematics, Data mining, Machine learning, Multivariate analysis, Regression analysis, Time series analysis, Linear algebra, Computer networks, Big data algorithms, Text mining

Work & Research Experience

Research Assistant — Medical AI for Gastric Cancer Prediction

Mar – Apr 2025

Advisor: Prof. Hyon Hee Kim, Dongduk Women's University, Seoul, South Korea

- Developed ML/DL models using National Health Insurance and Kangdong Hospital datasets
- Transfer learning, hyperparameter tuning and comparative evaluation

Research Intern — ETRI

Jan – Feb 2025

Energy Intelligence Laboratory, Honam Regional Research Center, ETRI, Gwangju, South Korea

- Conducted research on LLM-based robotic intelligence
- Operated Mobile ALOHA teleoperation robot for data collection
- Built simulation environments using MuJoCo and Isaac Sim

Administrator (Temporary) — KOFST

Dec 2022 – Jan 2023

International Cooperation Division, KOFST, Seoul, South Korea

- Prepared and managed documentation for international cooperation initiatives

Awards & Honors

Grand Prize — 2026 KOSA Cloud Infrastructure Engineer Training Program Demo Day

- Awarded by Korea AI · Software Industry Association (KOSA)
- Team Snow (5-member capstone team); Role: Application Deployment & GitOps Automation

Excellence Award — 2025 K-HTML Hackathon

- Awarded by Dongdaemun-gu Office, Seoul, South Korea
- Served as the lead presenter
- Achievement publicized through university banners, covered in a university interview and reported in 6 media outlets, including JoongAng Ilbo (famous daily newspaper in Korea) [\[Link\]](#)

Grand Prize — 2024 Youth Data Analysis & Application Competition

- Awarded by Korea Youth Work Agency
- Served as the lead presenter

Bronze Prize — 2024 Capstone Design Competition

- Awarded by Dongduk Women's University

Scholarships for Academic Excellence Awarded by Dongduk Women's University

- Chung-Kang Department Top Scholarship, Awarded for highest academic performance in the department, Fall 2024
- Chung-Kang Academic Excellence Scholarship A, Spring 2024
- Chung-Kang Academic Excellence Scholarship B, Spring 2023
- Chung-Kang Academic Excellence Scholarship A, Fall 2022
- Chung-Kang Academic Excellence Scholarship B, Fall 2021
- Outstanding Case Sharing Scholarship, Fall 2024
- Collaborative Learning Scholarship, Spring 2024
- Foreign Language Scholarship, English, Spring 2023

National Government Scholarship, Venture Startup (Academic Excellence), Spring 2024

Publications & Presentations

* Publications may appear under Minhee Lee or Min-Hee Lee.

- [1] **Prediction of the number of sexual crimes in Seoul using a multiple linear regression model.** [\[Link\]](#)
In *ACK Conference Proceedings*, 2024.
Da-Song Han, Hee-Jung Yang, Min-Hee Lee, Young-Won Lee, Hyon Hee Kim
- [2] **Be Kinder, Be Smarter (BKBS): A smart news platform based on generative AI chatbot for filter bubble mitigation. (under revision)**
In *the Korean Society of Multimedia*, 2026.
Irene Minhee Lee, Juri Lee, Hyon Hee Kim

Certifications

AWS Training & Certification, Planning a Generative AI Project (August, 2025)
AWS Training & Certification, Amazon Bedrock Getting Started (August, 2025)
AWS Training & Certification, Introduction to Serverless Development (August, 2025)
AWS Training & Certification, AWS Technical Essentials (August, 2025)
Snowflake Platform Training - APAC (August, 2025)
KISA Korea Blockchain Meetup, KBM (Nov, 2024)
Big Data Analysis Engineer, Kdata, Korea (Jul 2025)
Level-2 Certificate of Social Survey Analyst, Statistics Korea (Dec 2024)
Advanced Data Analytics Semi-Professional(ADsP), Kdata, Korea (Nov 2024)
Structured Query Language Developer(SQLD), Kdata, Korea (Sep 2024)
ITQ PowerPoint (Grade A), Korea Productivity Center (Mar 2013)
